THE USUAL LET-DOWN MARKETS AGAIN LOWER.

THE BREAK IN CASH WHEAT WEAKENED MARKET.

Corn and Oats a Little Better Sustained, but They Sold Off Some Also.

Office Republic

Baturday, August 4, 1200. WHEAT-The opening here was at 72% f 72%c for Sept., and it at once rose to 72%@ 72%c, as all offerings were quickly snapped up by eager buyers. Dec. opened at 75%c. There was some good bull information on hand that led to the desire shown to buy. No market cables were received, as Liverpool and London closed until Tuesday, but a Beerbohm cable stated the world's shipments would be 6,000,000 bu., and the amount on ocean decreased 1,400,000 bu. Our own exports for week of over 3,300,000 bu. were 1,000,000 bu, greater than last week. Sales for export yesterday of nearly 800,000 bu, at the seaboard were confirmed. The Ohlo report, with its condition of 24 for that State's crop, though an old story, was impressive, as was the stronger corn market. Also the fact that twenty-four

the trade, or shorts, rather.

The market went to 72% for Sept, and Aose rates for some time. It was dull, though the buying did not hold its own. On the other hand, some realizing sales on declines elsewhere caused a drop to 72c for Sept. and to 74 % sellers for Dec. The day's clearances were only 315,000 bu. in flour and wheat. Only late cables heard of reported Paris ½c higher, but English country mar-kets Pac lower for the week. The breakdown in the cash market here The breakdown in the cash market here put the unishing touches to what had become a very heavy future market, and there was a decline to 11½0 for Sept. At close 71½6730 hid for Sept. and 71½6740 casked for Dec. Cash market-Received 10,-555 sks. and 214 cars local and 21 cars through. Lower and a semidemoralized market before the day ended. Some carry sales for shipment at strong prices, but 1 this demand let up, city millers held off and elevator buyers only at large decline.

Vo. 4 67c. CORN-Although there was still a pros-West that shorts became uneasy, especially as a Sunday had to be gone through with no show at a market until Monday. So there was some buying and not so much selling and higher prices as a result. Sept. opened 1/20 better at 361/20, was offered at \$60,000 bu. Solid higher at 320.

Country selling very light, was still the report, and the day's receipts at private markets only 423,000 bu. against 604,000 bu. one year ago, of which \$2,800 bu. at St. Louie, against 182,100 bu. last year. Shipments were 705,000 bu, from Western markets and 220,000 bu. from the scaboard.

The market did not stay up long, but declined and was weak to the close, when Sept. offered at 36% c. Dec. then not worth over 31% c. or year 31% c. Dec. then not worth over 31% c, or year 31% c. CATTLE—Native Beef Cattle Trade—Only a
few miscellareous offerings arrived in this department and they were not of sufficient importance
to create any change in the market conditions.
So far as the clearance is concerned it would be
the next thing to impossible for the trade to
clear in cleater or more nealthy shape. The beef
market advanced to a point where it is on about
as high or if rot a higher basis than any time
this year and all of 10c to 15c better than a week
ago. Good butcher cattle held firm to strong
throughout the week, but the plain to canner
offerings displayed a weaker tone. While the
best stock cattle remained strady, the less desirable ones declined loc to 15c. Veal calves lost 25c
per 10s ibs. in value and inferior milkers suffered
a decline of 42 per cow and call.
Southern Cattle Trade—Absolutely nothing was
done on this side of the cattle yards to-day, lack
of supplies being the cause. As a consequence
the week's receipts remain the same as Friday—
325 carbods, which is the largest run so far this
year by a wide margin. Good steers close 19c to
15c lower than last week, while fair to common
ones are 20c to 25c lower. With the best cows
and helfers holding about steady, the others displayed a weak to 10c lower condition. Calves
went off in value to the extent of 26c to 31 per
head.
Fouring the week Arkansas yearlings sold at

thent off in value to the extent of 50c to 31 per head.

Forming the week Arkansas yearlings sold at \$1.50, bulls at \$2.65, cows and hetfers at \$2.25 to \$2.60, and steers at \$3.25, also 591-10. Illinois fed steers at \$4.35.

During the week so far, including to-day, Texas and Indian Territory calves, 130 to 21 lbs, average, sold at \$5.50 to \$1.50 per head, with the bulk at \$7.50 to \$8.25. Bulls sold at \$2.60 to \$2.50, stags and exen at \$2.75 to \$4 and cows and hetfers, mostly grassers, sold at \$2.20 to \$3.75, the bulk at \$2.20 to \$3.75, the bulk at \$2.20 to \$3.55. Steers, the majority of which were off grass, averaged 54s to 1.198 lbs, and sold at \$3 to \$4.85, with the bulk at \$3.50 to \$4.25. A single 1,20-th, steer brought 5c a lb.

HIGGS—A moderate Saturday supply of hogs was on sale and the quality averaged, as usual of late, good. The market opened about 5c lower than the late market on Friday, or about steady, with the opening on that day. Trading was active and the market was over by 16 o'clock. Butcher's were in the market and got several loads that averaged from 194 to 220 lbs, and pall from \$5 to \$5.46 for them. Shippers bought all the light hogs they could get and wanted more. The late market was a shad stronger than at the opening.

The top price was \$5.50, paid by Swift & Co.

HORSES—The Saturday market was in a nominal state. The shipments of the previous two days had operated to 2-fear the barns of nearly everything in the way of offerings, and, with no verything in the way of offerings, and, with no

days had operated to Sear the Darms of hearty everything in the way of offerings, and, with no buyers about, no circumstance was conducive to activity. The general horse trade of the wholesale market has during the past week shown a weaker tone. The local trade has, however, ruled steady, or practically so, on all the first-class chunks and driver offerings, though perhaps a shade easier on medium and common, small kinds. Next week, owing to large numbers of range horses and an expected increase in the buying force a more active market is anticipated.

Horse quotations:

Heavy draft—Common to good \$30 to \$140; choice to fancy \$150 to \$175. Drivers—Common to choice \$60 to \$175; buik \$120 to \$150; coach horses \$120 to \$250. Saddlers—Common to choice \$67 to \$125; fancy \$150 to \$175. Chunks, 1,250 to 1.400 its.,—Common to good \$55 to \$90; choice to extra \$190 to \$130. Southern horses—Common to good \$55 to \$90; choice to extra \$190 to \$130. Southern horses—Common to good \$55 to \$150; choice to extra \$150 to \$50. Plugs \$15 to \$55. MULES—One load of males came in Saturday. \$30 to \$40; choice to extra \$45 to \$50. Plums \$10 to \$45.

MULES—One load of mules came in Saturday, but was not offered on the market, being construed to a local firm. Otherwise there were no developments from Friday, and the trade closed quiet. The dealers have more contracts for British mules, and compact 14 to 14.3 hand little mules are selling readily. Although the movement in the market has been decidedly slower, there has been no quetable change in the values of the best classes of big mules and miners. The calmon and "in-between" kinds have been very dull. full.

REPUBLIC SPECIAL.

Lincoln, Neb., Aug. 5.—William J. Bryan is now awaiting the hour of his departure for Indianapolis. He is taking all the rest possible and is in excellent physical trim. There were no services at his church this morning, and he attended none. He had a few visitors only. Colonel John I. Martin of St. Louis, sergeant-at-arms of the Democratic National Committee, arrived to-night for the purpose of escorting, in his official capacity, the Bryan party to the place of notification.

Colonel Martin said to a Republic reporter that he expected to be kept busy for a considerable period, and that he did not anticipate that his labors would end until after the inauguration.

On the way to Lincoln the Colonel got into a dispute with a German friend over whether it is true that the Germans are leaving McKinley or not. A poll of the Germans en the train was agreed upon to decide the point. Fourteen were found, and of these twelve are for Bryan and two non-committal.

Mr. Bryan this evening gave out his timerary. It differs in no particular from what has already been printed piecemeal. He does not know how long he will remain in either Indianapolis or Chicago. A story sent out from the latter city that he was coming there to direct the campaign and that it would be run along the lines he determined upon elicited a smile from him, but neither denial nor confirmation. No one here believes it.

Mr. Bryan has given everything ever in-

to the hands of the committee, and while he

proposes to stay in Chicago for some time next week for the purpose of becoming thoroughly informed as to the plans and ideas of the managers, he will in no sense take any direction of affairs, further than to give his views on matters connected with the campaign.

The Republican National Committee has established a branch at Omaha under the supervision of E. Rosewater, for the purpose of carrying on a campaign of education. The first consignment of funds from Chairman Hanna has arrived, but the fact that Rosewater is to have the handling of it has aroused considerable criticism among the faction that he has always fought.

Republicans at Mascoutab, III.

REPUBLIC SPECIAL

Mascoutab, Ill., Aug. 5.—The Republicans held a meeting on Saturday night for the purpose of organizing a campaign club. The meeting was poorly attended and very little enthusiasm was manifested, the best harmony not being shown among the leaders of the g. o. p. at Mascoutab.

Ex-County Recorder P. W. Lill, who has been one of the most active workers in Mascoutab, refused to attend the meeting, although he is a member of the Precinct Committee. Lill will be very conspicuous in this campaign by his absence at subsequent meetings of the Republican party. Strenuous efforts will be made by the other leaders after harmony to offset the return of the Gold Democrats to the Democratic party. There were a number of old Germans who supported McKinley in 1896, but in every instance they have returned to their party on account of the policy of imperialism which dominates the Republican party.

Putnam for Congress The Social Democrats of the Tenth Congressional District Saturday nominated T. M. Putnam as a candidate for Congress. The convention was held at National Hall, at the corner of Dolman and Allen avenue. Leonard Stoll was made chairman and A. L. Stone secretary of the convention. C. F. Meier was also placed in nomination for Congress, but he withdrew. Mr. Putnam is well known in the Tenth District.
